Persona 1: The Student Who Needs Extra Help

Name: Emily

Age: 16

Occupation: High school sophomore

Goals

- Improve her grades in math and science.
- Understand lessons instead of memorizing answers.
- Feel more confident before tests.

Challenges

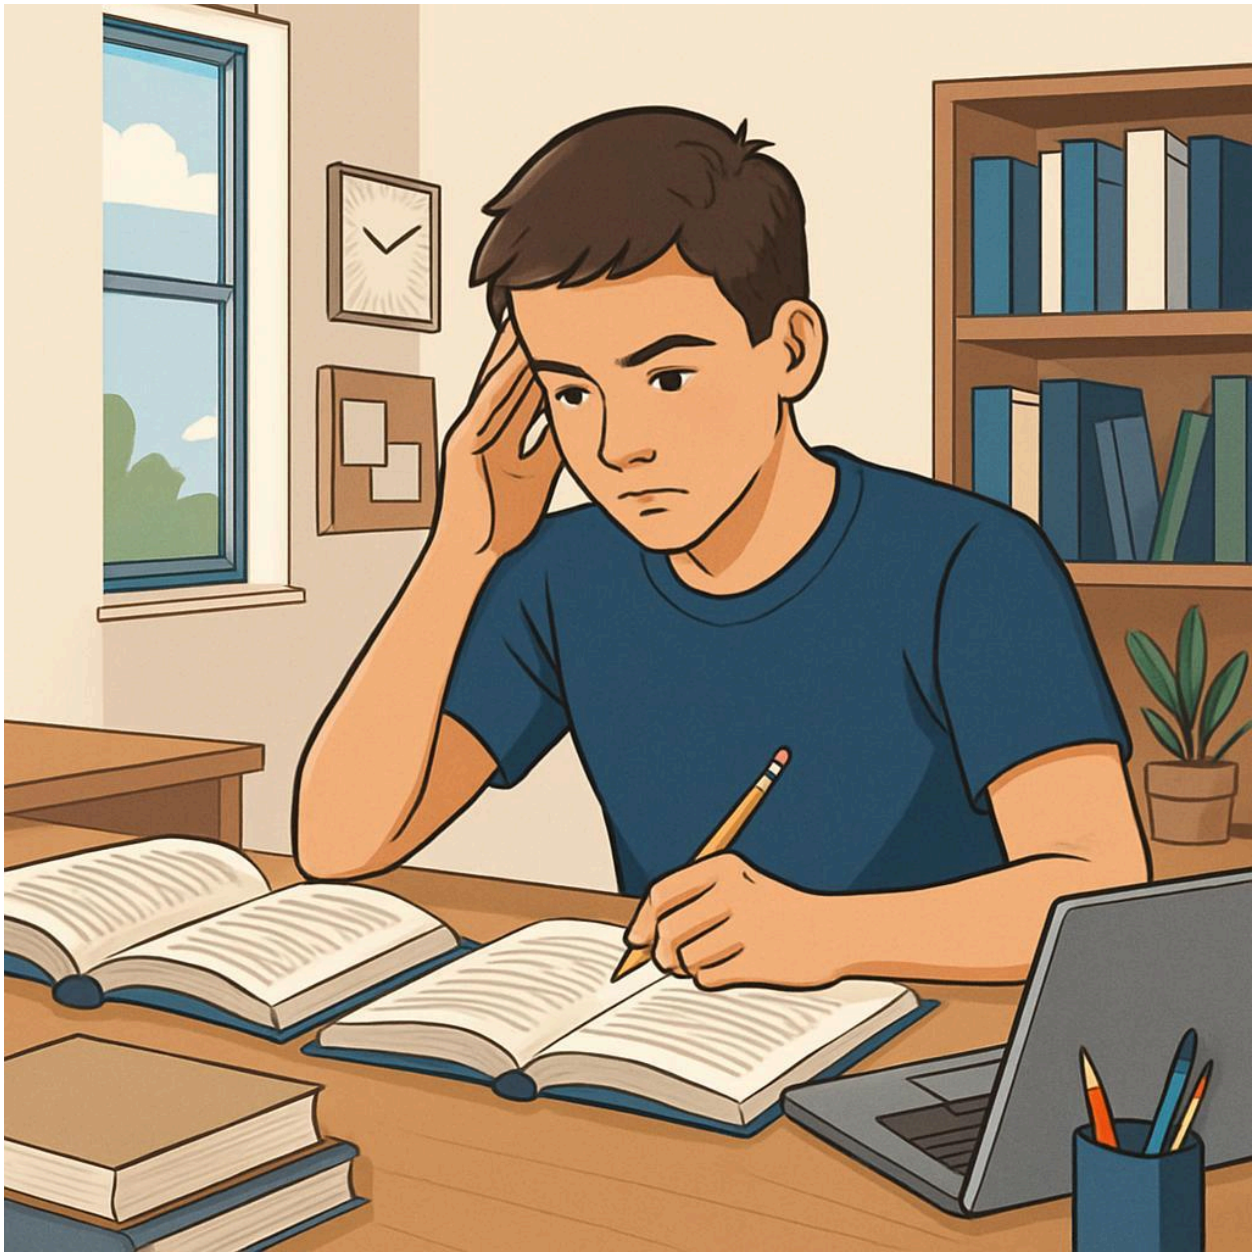

- Sometimes struggles to understand her teachers' explanations.
- Feels embarrassed asking questions in class.
- Cannot always get help with homework at home.

How StudyBuddy AI would help

The AI Homework Helper would explain difficult questions in simple steps. The Practice Quiz Generator would help Emily practice before exams and see which topics she needs to review.

Her quote

"I want to do better in school, but sometimes I need someone to explain things in a different way."

Persona 2: The Busy Student

Name: Marcus

Age: 17

Occupation: High school junior involved in extracurricular activities

Goals

- Finish assignments before their deadlines.

- Balance schoolwork with sports and other activities.
- Prepare for exams without staying up too late.

Challenges

- Often has several assignments due at the same time.
- Sometimes forgets upcoming deadlines.
- Has trouble deciding which assignment to complete first.

How StudyBuddy AI would help

The Study Planner would help Marcus organize assignments, tests, and deadlines in one place. The Study Guide Creator would also help him turn class notes into organized study materials so he can use his study time more effectively.

His quote

"I have so much to do that sometimes I don't even know where to start."

Persona 3: The College-Bound Student

Name: Sofia

Age: 18

Occupation: High school senior preparing for college

Goals

- Earn good grades before graduation.

- Prepare for final exams.
- Develop stronger study habits for college.

Challenges

- Feels pressure to maintain good grades.
- Has difficulty remembering information from multiple classes.
- Needs to review large amounts of material before exams.

How StudyBuddy AI would help

The Flashcard Maker would help Sofia remember important terms and concepts. The Practice Quiz Generator would let her test her knowledge, while the Study Guide Creator would organize notes from different subjects.

Her quote

"I want to be ready for college, but I need to learn how to study smarter, not just study longer."
